VISITOR CODE OF CONDUCT

Please understand that marine turtles are classified as either Endangered or Threatened Species under Federal and Florida law and that The Turtle Hospital has permits to care for these very rare and special creatures. This Code of Conduct is for the protection of the animals, as well as you, other visitors, and the staff.

1. Please watch your step, do not run, and be careful of slipping or tripping when visiting The Turtle Hospital, especially near the holding pools.
2. Never place your hands, feet, cameras or anything else in any of the turtle enclosures or near any sea turtle. Sea turtles bite and scratch!
3. All minor children must be closely supervised and be within an arm's length of a parent or guardian at all times.
4. Leave all non-essential personal items in your car to avoid damage. Personal cameras and video-recorders are allowed but please be careful to avoid dropping them in the holding pools, of them getting splashed, or annoying other guests.
5. If you wear glasses, please take care to avoid them falling off or into the water.
6. No running, horseplay, or loud shouting or noises are allowed at any time.
7. No smoking, eating or drinking on the property; except you may drink water or non-alcoholic beverages in the gift shop, lecture hall, and parking lot.
8. No firearms or weapons of any kind are allowed on the property.
9. Please wash your hands at the end of your visit (and before eating or drinking). Hand sanitizer is available free of charge just outside the holding pools.
